

# Journal App

A MODERN WAY TO RECORD AND REFLECT ON  
YOUR THOUGHTS

# Application Details

- Purpose: To allow users to store personal diary entries with an optional checkbox feature
- User-friendly UI and seamless experience

# Features

- Add, edit, and delete journal entries
- Categorize entries by genre
- Checkbox option for tracking tasks or affirmations
- Secure storage of entries
- Theming and customization

# WorkFlow

1. **User Launches App** → Navigates to the **Home Screen**.
2. **Adding an Entry** → Clicks **Add Entry**, fills in title and content, and saves.
3. **Editing an Entry** → Selects an existing entry, modifies content, and updates.
4. **Marking as Important/Completed** → Uses a checkbox to track key entries.
5. **Deleting an Entry** → Removes unwanted journal entries.
